

2-8°C Specimen Shipping System

Therapak's 2-8°C Specimen Shipping System features self-cooling technology built into the lid. With no refrigeration required, activate the cooling process with the push of a button and your contents will remain in the 2° to 8°C range from 48 to 92 hours (based on system selection) with no further conditioning or temperature control necessary.

- Actively maintains 2°C - 8°C temperatures
- No gel packs required
- Temperature tested to ISTA 7D standards
- Arrives ready to activate and ship
- Can be stored at room temperature

• External Temp • Internal Temp Points

Part No.	Item	Duration	Usable Space	Outer Dimensions	Packaging
56849	2-8°C Shipping System, Small	48 hours	8.5" x 4.7" x 1.6"	12.1" x 7.9" x 5.1"	4/case
