

FULLY BIODEGRADABLE INSULATED SHIPPING SYSTEMS

Earth Friendly Cooler (EFC)

Each component is biodegradable including:

- Cardboard box
- Insulation
- Blue plastic liner

Collapsible factory construction decreases shipping and storage costs
 Unlike non-collapsible rigid containers such as EPS,
 the EFC can be shipped and stored flat

Generates a comparatively small footprint upon disposal
 versus same size conventional coolers

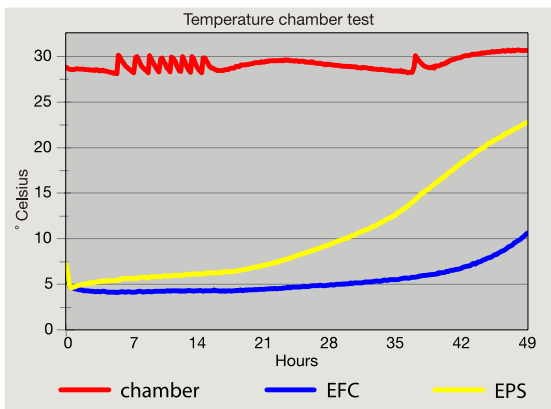

Durable enough to be reused for multiple shipments

Safe for use with dry ice

Available in four stock sizes to accommodate your range of needs

System maintains temperature hours longer than EPS foam

Part No.	Item	ID	OD	Packaging
562317G	Extra Small EFC Shipping System	5" x 5" x 5"	8" x 8" x 8"	6/case
562318G	Small EFC Shipping System	7" x 7" x 7"	10" x 10" x 10"	4/case
562319G	Medium EFC Shipping System	9" x 9" x 9"	12" x 12" x 12"	2/case
562320G	Large EFC Shipping System	11" x 11" x 11"	14" x 14" x 14"	2/case

Ships and stores flat for savings and convenience
